

Suggested 2018 Tracks - Research

Wednesday, May 2

- 8:45 am – 9:30 am **Sell Lecture: Restoration of Motor Function in Persons with Chronic Spinal Cord Injury – A Potential Therapeutic Role for Acute Intermittent Hypoxia (AIH)**
Guest Speaker: Zev Rymer, MD, PhD
- 11:00 am - 12:00 pm **Can Rehabilitation Increase Strength and Motor Recovery Following SCI?**
Keynote Speaker: Professor Lisa Harvey
- 1:30 pm – 3:00 pm **The Importance of Tissue Perfusion in Acute and Chronic Spinal Cord Injury: New Findings in Animal and Human Models**
Laura Krisa, PhD;
Christopher West, PhD;
Jill M. Wecht, EdD;
James Guest, MD, PhD, FACS;
Marios Papadopoulos, MD;
Ona E. Bloom, PhD;
Linda Jones, PT
- 3:30 pm – 4:30 pm **GENERAL SESSION ONE – Basic and Translational Research**

Thursday, May 3

- 8:00 am – 9:30 am **Awards Session Papers**
- 10:30 am – 11:30 am **Ketogenic Diet for Spinal Cord Injury**
Guest Speaker:
Wolfram Tetzlaff, MD, PhD
- 12:45 pm -2:15 pm **Stimulating Spinal Cord Injury: Moving Neuromodulation of Gait Past Proof of Principle**
Keith E. Tansey, MD, PhD;
Matthias Krenn, PhD;
Kendall Lee, MD, PhD
- 2:45 pm - 3:30 pm **Membership Meeting**
(for Current Members)

3:30 pm – 5:00 pm

The Continued Evolution of ISNCSCI: An Interactive Update
Ruediger Rupp, PhD;
Steven Kirshblum, MD;
Keith E. Tansey, MD, PhD;
Stephen P. Burns, MD

ROUND ROOM OPTIONS

5:00 pm – 6:00 pm

Option 1 – Helping People with SCI Navigate Clinical Trials: From Acute Care to Living in the Community

5:00 pm – 6:00 pm

Option 2 – Opportunities and Obstacles in Developing and Maintaining a Career in the Field of Spinal Cord Injury

5:00 pm – 6:00 pm

Option 3 – Traumatic and Non-Traumatic Myelopathy: When are They the Same and When are They Different?

6:00 pm – 6:45 pm

Awards Ceremony

7:30 pm – 9:30 pm

Presidential Reception

Friday, May 4

8:00 am - 9:00 am

Tissue Engineering for Repair of Spinal Cord Injury
Guest Speaker: Anthony J. Windebank, MD

9:15 am - 10:15 am

GENERAL SESSION TWO - Measurements and Outcomes

10:30 am – 11:30 am

Identifying and Overcoming Barriers to Successful On-Time Completion of Clinical Trials In SCI: Protocol Design and Recruitment Perspectives
Andrew Blight, PhD; MJ Mulcahey, PhD, OTR/L; Jane Hsieh, MSc

2018 Annual Scientific Meeting May 2-4, 2018

Non-traumatic Myelopathy Pre-course • May 1
Mayo Civic Center • Rochester, MN
