

Suggested Early Career Tracks

Tuesday, April 2

- 7:00 AM – 8:00 AM **Mentor Mentee Breakfast**
- 8:15 AM – 8:45 AM **Opening Session: Lifetime Achievement Award**
John Steeves, PhD
- 8:45 AM – 9:30 AM **Sell Lecture: Restoring Quality of Life After Spinal Cord Injury** - Marcel W. M. Post, PhD
- 9:30 AM – 10:30 AM **Poster Session A with Partners and Exhibitors**
- 10:30 AM – 11:00 AM **Partner Recognition and Neilsen Foundation Allied Health Professional Research Award of ASIA**
- 11:00 AM – 12:00 PM **Point/Counter Point: Bone Health**
- 1:15 PM – 2:15 PM **ISNCSCI - ASIA International Standards Committee Update**
- 2:25 PM – 2:55 PM **Review of NIH Meeting**
- 2:55 PM – 3:25 PM **Early Career SubCommittee Update**

ROUND ROOM OPTIONS

- 3:35 PM – 4:35 PM **Option 1 - What to Do About Pain: Opioids and Marijuana**
- 3:35 PM – 4:35 PM **Option 2 - Explore the Invisible: Why Patients Stop Following Our Recommendations**
- 3:35 PM – 4:35 PM **Option 3 - A Conversation Between Researchers and Clinicians: How Can We Enhance Communication and Facilitate Learning Opportunities?**

Wednesday, April 3

- 8:00 AM – 9:30 AM **Award-Eligible Oral Presentations**
- 9:30 AM – 10:30 AM **Poster Session B with Partners and Exhibitors**
- 10:30 AM – 11:30 AM **Harnessing Big-Data to Drive Reproducibility and Translation in SCI** - Guest Speaker: Adam Ferguson

COURSE OPTIONS

- 2:30 PM – 3:30 PM **Option 1 - Increasing Translational Success! A Discussion on Trial Design of Animal and Human Studies to Increase the Successful Implementation of Basic Research Findings to the Clinic**
- 2:30 PM – 3:30 PM **Option 2 - How to Achieve Commercial Success of Neurotechnology Addressing the Needs of People Living with SCI**
- 4:20 PM – 4:50 PM **President's Talk: Research Options ISNCSCI**
Keith E. Tansey, MD, PhD, FASNR
- 4:50 PM – 5:20 PM **How Can We Help You? An Update on the Standards of Professional Practice for Psychologists, Social Workers and Counselors in the Field of SCI Rehabilitation**

COURSE OPTIONS

- 5:50 PM – 6:50 PM **Option 1 - Clinical Trials: A Critical Appraisal of Lessons Learned and Applications for Future Studies**
- 5:50 PM – 6:50 PM **Option 2 - Prevention: STOP Falls – START Today: Model Fall Prevention Programs and Take-Home Strategies in SCI Deterrence**

Thursday, April 4

- 10:00 AM – 10:45 AM **Keynote Talk: Axon Regeneration After Spinal Cord Injury** - Michael Sofroniew, MD, PhD
- 10:55 AM – 12:25 AM **Poster Session C with Partners and Exhibitors**

COURSE OPTIONS

- 1:25 PM – 1:55 PM **Option 1 - CSF and Serum Biomarkers of Acute Spinal Cord Injury**
- 1:55 PM – 2:25 PM **Option 1 - Magnetic Resonance Neuroimaging Methods to Study Spinal Cord Injury**
- 1:25 PM – 2:25 PM **Option 2- Translational Studies of Immune System Dysfunction After Spinal Cord Injury**
- 2:35 PM – 3:35 PM **Advocacy and Spinal Cord Injury: Past, Present and Future**

COURSE OPTIONS

- 3:45 PM – 4:45 PM **Option 1 - Spinal Cord Learning: From Biology to the Rehab Gym**
- 3:45 PM – 4:45 PM **Option 2 - Infections As "Outcome Modifying Events" After Spinal Cord Injury: An Interdisciplinary Perspective**

Friday, April 5

- 7:00 AM – 8:00 AM **Coffee with the Professor**
- 8:00 AM – 9:00 AM **Awards Session**
- 9:00 AM – 10:00 AM **Poster Session D with Partners and Exhibitors**

COURSE OPTIONS

- 10:00 AM – 11:00 AM **Option 1 - Neuromodulation Symposium: Introduction, Gait**
- 10:00 AM – 11:00 AM **Option 2 - Instructional Course on Acute Management and Respiratory Care After Spinal Cord Injury**
- 11:10 AM – 12:10 PM **Option 1 - Neuromodulation Symposium: Upper Extremity, Rehab**
- 11:10 AM – 12:10 PM **Option 2 - Recent Innovations to Advance Care, Research, and Self-Management of Urinary Symptoms and Urinary Tract Infection Among People With Neurogenic Bladder**
- 1:20 PM – 2:20 PM **Neuromodulation Symposium: Autonomic, Consumer Perspective**
- 2:30 PM – 3:30 PM **Neuromodulation Symposium: Industry Perspective, Group Discussion**
